SOCIAL CAPITALISM: A RETURN TO BALANCE AND REASON

[DOWNLOAD](#)

Social Capitalism, United States, 2012. Paperback. Book Condition: New. 216 x 140 mm. Language: English . Brand New Book ***** Print on Demand *****.In today s America we have a government and society that is stuck in partisan gridlock where little to nothing positive is getting done. Politicians and pundits frame the issues for us, using extreme ideologies that leave no room for compromise. Lawrence Mignogna gives us another way to look at and reason through the issues of today. In his book Social Capitalism, Mignogna finds balance and brings the discussion back to the middle by focusing on our common goals. He tackles the issues of today by asking the difficult questions: -How big or small should government be? -Where and Why are we divided? -What do we need to do to grow our economy and help the struggling middle class? -What tax policies are fair and best promote growth? -How extremist ideals play on our fears and pull us apart. -How Free are We? Social Capitalism looks to improve our economy by utilizing the best of Capitalism and Socialism in a balanced approach; One that looks to benefit all Americans while preserving The American Dream, and The American Way of Life.
