This book usually ship within 10-15 business days and we will endeavor to dispatch orders quicker than this where possible. Brand New Book. As a young cadet, Private Myrston led troops against the Victoriana rebellion where he earned a reputation as a fearless soldier and cunning tactician. His meteoric rise to Emperor of the Molagrian Empire was paved with sound battle strategies, a winning smile and clever assassinations of several superior officers. As emperor, he sought out and engaged in countless conflicts with a multitude of sentient lifeforms during his reign. It was during this period that he mastered several forms of invasion, administration and religious manipulation for profit. In this text, Myrston has plagiarized wildly from Molagrian and Nebraxian classic texts infinitely better than this one to provide a concise set of tenants guaranteeing intergalactic success. Learn how to take control of the planet, establish a government that suits your needs and then seek out and annihilate exotic, intelligent lifeforms throughout the galaxy.
