Shire Publications Ltd. Paperback. Book Condition: new. BRAND NEW, Amusement Park Rides, Martin Easdown, The rollercoaster is usually the main attraction of any amusement or theme park, and this book outlines the history of these fascinating structures. From the first mass-produced rollercoaster, the Switchback Railway, through to the giant wooden coasters of the inter-war period, the author uses historic postcards and photographs to chart their development and that of other amusement rides including revolving towers, aerial rides, Ferris wheels and water chutes, all of which were produced from the late Victorian era in myriad forms. Essential to the very existence of such amusement venues as Blackpool Pleasure Beach, Southend Kursaal and Margate Dreamland, these much-loved rides are not so far removed from their modern-day equivalents as they might at first appear.
