VASCULAR MEDICINE: FROM ENDOTHELIUM TO MYOCARDIUM (PAPERBACK)

Springer, Netherlands, 2011. Paperback. Condition: New. Language: English. Brand New Book ***** Print on Demand *****.Based on a number of collaborative efforts between basic researchers and clinicians from different institutions in Leiden, this book covers the initial and promising results of these efforts. The role of the endothelium, especially of the coronary intravascular species is a relatively new and fascinating development in the diagnosis and treatment of cardiac disease. Three major aspects of endothelial function receive attention in this...
