Nomad Press, United States, 2018. Paperback. Condition: New. Hui Li (illustrator). Language: English . Brand New Book. Energy Physical Science for Kids from the Picture Book Science series gets kids excited about science! Do you have a lot of energy? What else has energy? Just about everything that moves! When you feel like running, leaping, and singing, people might say you have a lot of energy. And you re not the only one! Energy is the stuff that makes everything live and move. People, animals, plants--we all need energy to live! In Energy: Physical Science for Kids, young readers discover different forms of energy, including heat, light, and chemical energy, that keep the world working and moving. In this nonfiction picture book, children are introduced to physical science through detailed illustrations paired with a compelling narrative that uses fun language to convey familiar examples of real-world science connections. By recognizing this basic physics concept and identifying the different ways it is demonstrated in real life, kids develop a fundamental understanding of physical science and are impressed with the idea that science is a constant part of our lives and not limited to classrooms and laboratories. Simple vocabulary, detailed illustrations, easy science experiments, and a glossary all support exciting learning for kids ages 5 to 8. Perfect for beginner readers or as a read aloud nonfiction picture book! Part of a set of four books in a series called Picture Book Science that tackles different kinds of physical science (waves, forces, energy, and matter), Energy: Physical Science for Kids pairs beautiful illustrations with simple observations and explanations. Quick STEM activities such as transferring energy from your hands to a ball help readers cross the bridge from conceptual to experiential learning and provide a foundation of knowledge that will prove invaluable as...
