Penguin Books Ltd, United Kingdom, 2011. Paperback. Condition: New. 8th edition. Language: English . Brand New Book. The Penguin Dictionary of Economics explains a host of economic terms, from acceleration principle to venture capital, Euro to X-efficiency, globalisation to zero-sum game. The eighth edition has been fully revised and updated to include those terms that have become so familiar since the global recession begun (quantitative easing and sub-prime among them), but whose meanings escape most of us. Wide-ranging and accessible, this detailed practical and international guide will be indispensable for students of economics and professionals (in business, finance or the public sector), and for anyone wishing to follow economic discussions in the media today.
