## Jinn from Hyperspace: And Other Scribblings - Both Serious and Whimsical

By Martin Gardner

Prometheus Books. Hardback. Book Condition: new. BRAND NEW, Jinn from Hyperspace: And Other Scribblings - Both Serious and Whimsical, Martin Gardner, This new collection of Gardner gems takes its name from an essay on a mathematical theme, about a jinn (or genie) trapped in a 'Klein Bottle' - an amusing tale that also teaches the maths phobic something interesting about a theoretical one-sided object with no distinction between inside and outside. Other topics in maths and physics include speculations about universes where time runs in reverse; the Banach-Tarski paradox (whereby a sphere, after being deconstructed, can be reassembled at twice its size); and a vigorous defence of the objective reality of mathematical theorems independent of human culture. On the literary side, Gardner discusses two neglected works by G K Chesterton, one of which concerns an imaginary but now very topical war between Islam and Christianity. He also considers the fantasies of L Frank Baum that don't take place in "Oz", Clement Moore's ever-popular "The Night Before Christmas", and the many fascinating books by Lewis Carroll that are sometimes overshadowed by his famous "Alice in Wonderland". A treat for longtime Gardner readers or the perfect introduction for newcomers, "The Jinn From Hyperspace"...

### Reviews

*Extensive manual! Its this kind of very good read through. I actually have read and that i am confident that i am going to planning to study once again once more in the future. I am easily could possibly get a delight of looking at a composed publication.*

-- **Ryder Purdy**

*This ebook will be worth acquiring. It is actually writer in basic phrases instead of hard to understand. It is extremely difficult to leave it before concluding, once you begin to read the book.*

-- **Trystan Yundt**
