*This ebook will be worth acquiring. It is actually written in basic phrases instead of hard to understand. It is extremely difficult to leave it before concluding, once you begin to read the book.*

Createspace, United States, 2011. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Telecom guys say that there is a lot of communication in a smartphone; IT professionals claim that a smartphone is in fact a mobile computer; and consumer electronics managers call it the most successful consumer device in the history of business. Will the real smartphone please stand up? The book Smartphone aims to do just that by providing a highly readable analysis of an industry that virtually requires an overview of two decades of development of handset hardware, mobile operating systems and wireless telecom standards, from both a technology and a business standpoint. Forget all those dummies guide to. Think smart. Think thorough. Here comes a book specifically written to educate and inform managers on smartphone technology and business. This lively, thoroughly researched, lovingly written book is nothing less than the definitive guide to the smartphone juggernaut; it chronicles the ascent of iPhone and Android, and tells the story of how the smartphone turned into the biggest game changer in the IT world. This is the stuff you don t get in the The Wall Street Journal, Bloomberg Businessweek, Fortune, Forbes or any of the trade press. Technology and trade media is filled with coverage of the smartphone and hardly a day goes by when we don t see a story on it. But where is the complete understanding? Smartphone is a multi-dimensional subject, so the smartphone story is scattered across thousand islands. Smartphone covers all aspects of the ecosystem-hardware, software, apps, advertising, content, etc.-and offers technology content in a transparent way that non-technical readers will be able to follow conveniently. The book provides you with the whole context to the smartphone story and saves you from learning...
