

Home Generator Guide 2013

By Will O Neil

Createspace, United States, 2012. Paperback. Book Condition: New. 198 x 127 mm. Language: English . Brand New Book ***** Print on Demand *****.Every year, tens of millions of homes throughout the U.S. and Canada lose power for hours, days, even weeks. With weather growing fiercer and electrical grids more overloaded, it s likely to get worse. You can keep your home functioning and safe in a power outage - this book will tell you what your options are. Not just the raucous, industrial-looking generators you may be thinking of, but generators that come in compact sound-proofed boxes and sit ready to turn on immediately and run without any intervention for days if necessary - or for a week or two with just a little routine attention. Or ways to modify a solar or wind power system to serve as a backup. Whether your budget is less than \$1,000 or upwards of \$30,000, whether you need to power just a few essentials or an entire large house or small business, whether you live in the country, suburbs, or city - the answers are here. Home Generator Guide 2013 will tell you how to meet your needs with power from natural gas,...
