

Language an Introduction to the Study of Speech (Paperback)

By Edward Sapir

BOOK JUNGLE, United States, 2008. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Edward Sapir was an early 20th century leader in the field of linguists. He was a leader in American structural linguistics, and one of the creators of the Sapir-Whorf hypothesis. His accomplishments include a substantial series of publications on Nootka and other languages, and his seminal book Language (1921), which is still a leading book in the field. Language an Introduction To The Study Of Speech provides the reader with everything from a grammar-typological classification of languages, as seen in the Chinese and Nootka languages, to speculation on the phenomenon of Language drift and the arbitrariness of associations between language, race, and culture. ***** Print on Demand *****.

Reviews

Certainly, this is the greatest work by any author. It can be written in easy words and phrases rather than confusing. I am just happy to let you know that this is actually the greatest ebook we have studied inside my individual daily life and may be the greatest ebook for at any time.

-- Trent Monahan

I actually started reading this publication. It is full of knowledge and wisdom. You won't sense monotony at any time of your respective time (that's what catalogs are for relating to should you check with me).
