## HEAD TRACKING FOR 3D AUDIO USING A GPS-AIDED MEMS IMU (PAPERBACK)

Head tracking for 3D Audio  
Using a GPS-Aided MEMS  
IMU

Jacque M. Joffrion

Biblioscholar, United States, 2012. Paperback. Condition: New. Language: English. Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. Audio systems have been developed which use stereo headphones to project sound in three dimensions. When using these 3D audio systems, audio cues sound like they are originating from a particular direction. There is a desire to apply 3D audio to general aviation applications, such as projecting control tower transmissions in the direction of the tower or providing an audio orientation cue...

### Reviews

---

*This pdf is indeed gripping and exciting. It is written in easy words and phrases and not confusing. Once you begin to read the book, it is extremely difficult to leave it before concluding.*

-- **Alayna Kuphal**

*This pdf may be really worth a study, and much better than other. I could possibly comprehend every thing out of this composed e book. You will not sense monotony at anytime of your time (that's what catalogues are for regarding when you check with me).*

-- **Elza Gusikowski**

*An exceptional ebook along with the typeface employed was intriguing to see. It really is simplistic but surprises within the fifty percent of the ebook. It is extremely difficult to leave it before concluding, once you begin to read the book.*

-- **Brian Miller**
