

## Land Surface Processes in Hydrology

Filesize: 4.74 MB

### ***Reviews***

*I actually began reading this article pdf. It really is filled with wisdom and knowledge You wont sense monotony at at any time of the time (that's what catalogues are for concerning should you request me).*

## LAND SURFACE PROCESSES IN HYDROLOGY

[DOWNLOAD](#)

Condition: New. Publisher/Verlag: Springer, Berlin | Trials and Tribulations of Modeling and Measuring | Proceedings of the NATO Advanced Research Workshop "Global Environmental Change and Land Surface Processes in Hydrology: The Trials and Tribulations of Modeling and Measuring", held in Tucson, Arizona, May 17-21, 1993. | General circulation models (GCMs) predict certain changes in the amounts and distribution of precipitation, but the conversion of these predictions of impacts on water resources presents novel problems in hydrologic modeling, particularly with regard to the scale of the processes involved. Therefore improved, distributed GCMs are required. New remote sensing technologies provide the necessary spatially distributed data. However, there are many attendant problems with the translation of remotely sensed signals into hydrologically relevant information. This book elucidates how to improve the representation of land surface hydrologic processes in GCMs and in regional and global scale climate studies. It is divided into five sections: Models and Data; Precipitation; Soil Moisture; Evapotranspiration; Runoff. | I - Models and Data.- 1. Data, Data Everywhere, Nor Any Drop to Drink.- 2. The Trials and Tribulations of Modeling and Measuring in Surface Water Hydrology.- 3. Hydrological Processes in GCMs.- 4. The Challenges We Face: Panel Discussion on Data and Models (Moderated by Keith Beven and Robert Dickinson).- 5. Participant Opinion Survey: How Satisfied Are We with Hydrologic Data?.- II - Precipitation.- 6. The Measurement of Rainfall.- 7. Modeling of Heavy Rainfall.- 8. Capabilities of Microwave Sensors for Monitoring Areal Extent and Physical Properties of the Snowpack.- 9. The Challenges We Face: Panel Discussion on Precipitation (Moderated by David Legates and David Goodrich).- 10. The Question of Priorities in Rainfall Information and Data: A Minority Viewpoint?.- 11. The Challenges We Face: Panel Discussion on Snow (Moderated by Barry Goodison and Roni Avissar).- III - Soil Moisture.- 12. Process Heterogeneity and...
