Lessons Learned in Decadal Planning in Space Science: Summary of a Workshop

By Space Studies Board, Board on Physics and Astronomy, Division on Engineering and Physical Sciences, National Research Council, David H. Smith

National Academies Press. Paperback. Book Condition: new. BRAND NEW, Lessons Learned in Decadal Planning in Space Science: Summary of a Workshop, Space Studies Board, Board on Physics and Astronomy, Division on Engineering and Physical Sciences, National Research Council, David H. Smith, The National Research Council (NRC) has been conducting decadal surveys in the Earth and space sciences since 1964, and released the latest five surveys in the past 5 years, four of which were only completed in the past 3 years. Lessons Learned in Decadal Planning in Space Science is the summary of a workshop held in response to unforeseen challenges that arose in the implementation of the recommendations of the decadal surveys. This report takes a closer look at the decadal survey process and how to improve this essential tool for strategic planning in the Earth and space sciences. Workshop moderators, panelists, and participants lifted up the hood on the decadal survey process and scrutinized every element of the decadal surveys to determine what lessons can be gleaned from recent experiences and applied to the design and execution of future decadal surveys.

Reviews

Here is the greatest pdf i have got read through till now. It typically will not charge excessive. You wont really feel monotony at anytime of the time (that's what catalogs are for concerning when you question me).

-- Eulalia Langosh

It in just one of the most popular ebook. It normally will not cost too much. I am very easily could get a pleasure of looking at a composed publication.

-- Rosetta Thompson
