Createspace, United States, 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Socialism and Anarchism are the two extremes of political thought; they are parts of the same dung, in the sense that the terminal points of a road are parts of the same road. Between them, about midway, lies the system that we have the happiness to endure. It is a blend of Socialism and Anarchism in about equal parts: all that is not one is the other. Everything serving the common interest, or looking to the welfare of the whole people, is socialistic in the strictest sense of the word as understood by the Socialist Whatever tends to private advantage or advances an individual or class interest at the expense of a public one, is anarchistic. Cooperation is Socialism; competition is Anarchism. Competition carried to its logical conclusion (which only cooperation prevents or can prevent) would leave no law in force no property possible no life secure.
