

## En El Principio Era El Logos (Paperback)

By Daniel Iglesias Grzes

Lulu.com, United Kingdom, 2011. Paperback. Condition: New. Language: Spanish . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. Este libro de apologética católica busca responder a las objeciones más comunes que se hacen a la fe desde posturas agnósticas o ateas. Lo hace desde el convencimiento de que la fe y la razón no solo son compatibles, sino que apuntan en la misma dirección: hacia el Logos encarnado que es Jesucristo. Ya sea en respuesta a las objeciones o proponiendo la verdad, se tratan temas como el origen del universo, el darwinismo, las pruebas clásicas de la existencia de Dios, el hombre como ser naturalmente religioso, los milagros, la finalidad del universo o la vida moral. La argumentación, que aporta datos filosóficos, teológicos y también científicos, intenta mostrar que la razón humana solo llega a la plenitud en su búsqueda y contemplación de la Verdad cuando se abre a la presencia de Dios.
