Springer, Netherlands, 2011. Hardback. Book Condition: New. 2nd ed. 2011. 236 x 160 mm. Language: English . Brand New Book. The book - which was originally published by Kluwer in 2004 - is a collection of scholarly papers focusing on the role of spirituality and ethics in renewing the contemporary management praxis. The basic argument is that a more inclusive, holistic and peaceful approach to management is needed if business and political leaders are to uplift the environmentally degrading and socially disintegrating world of our age. The book uses diverse value-perspectives (Hindu, Catholic, Buddhist, and Humanist) and a variety of disciplines (philosophy, ethics, management studies, psychology, and organizational sciences) to extend traditional reflections on corporate purpose and focuses on a self-referential organizational-existential search for meaning, identity and success.
