

## Exercise refined analysis of numerical methods

By HUANG YUN QING (DENG)

paperback. Book Condition: New. Ship out in 2 business day, And Fast shipping , Free Tracking number will be provided after the shipment. Pages Number: 120 Publisher: Science Press Pub. Date :2009-12. This book is the general higher education Eleventh Five-Year national planning materials. Numerical methods (Huang Yunqing eds) supporting aids. the book with the primary materials in the preparation of the same order. including the main function of the numerical approximation (interpolation and algebraic functions of best approximation). numerical integration and numerical differentiation. numerical algebra (solution of linear algebraic equations and matrix eigenvalue problems basis). non-linear (algebraic and beyond) the numerical solution of equations. optimization methods. and ordinary differential equations (initial. boundary value problems) numerical solution of most of the exercises in various parts of the answer. This book can be used as information and computer science. mathematics and applied mathematics majors. as well as computer. communications engineering. engineering undergraduate majors and graduate courses of study numerical methods reference books available for self-learners to use and available in the scientific Ding and engineering computing technology author reference. Contents: Preface Chapter 1 Introduction Chapter 2 Basic function approximation (a) - Chapter 3 approximate interpolation function of the basic approximation (b) - the...
