Reviews

A really great publication with lucid and perfect reasons. I have read through and i am confident that i am going to gonna read yet again yet again down the road. It is extremely difficult to leave it before concluding, once you begin to read the book.

LATRELLS MIND: THE HEALING OF THE MIND (PAPERBACK)

Platinum Ink Publishing, United States, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Mahogany, Jalissa, Vonda and LaTrell are the closest of friends. Actually, they re more like sisters. Each of their children call them auntie, they are there for one another at the drop of a dime and their loyalty would rival any long-term married couple. They have the kind of connection that very few women have, but wish they did. From the outside in, it s the kind of friendship that movies are inspired by. But if you look deeper, you ll see that there s more than meets the eye. Each of these ladies love one another, but time will reveal how deep the trust goes. As Mahogany is bouncing back from a personal ordeal that almost resulted in her losing her life, Jalissa is adjusting to having a new baby and Vonda is trying to hold everyone together, LaTrell is hiding a secret that could totally destroy her marriage, her relationship with her children and quite possibly her friendships too. LaTrell s Mind is the kind of book that reminds you that karma is real, you reap what you sow and some secrets never have an expiration date. Just when you think that everything is all good, something (or one) from your past can come out of nowhere to rock your world to the very core. If you re the kind of person who likes stories that have a sistah-girl tone, relatable characters, oh damn moments and even times when you ll laugh-and cry-at things that either you or someone you know has personally been through, this is the kind of book that is right up your alley. It s an in-your-face reminder to always keep it real. First and...
