EXPLOIT: A THEORY OF NETWORKS

University of Minnesota Press, United States, 2007. Paperback. Book Condition: New. 213 x 137 mm. Language: English. Brand New Book. The Exploit is that rare thing: a book with a clear grasp of how networks operate that also understands the political implications of this emerging form of power. It cuts through the nonsense about how free and democratic networks supposedly are, and it offers a rich analysis of how network protocols create a new kind of control. Essential reading...
