## Physics SparkCharts (Hardback)

## By Sparknotes

Spark Notes, United States, 2014. Hardback. Condition: New. Language: English . Brand New Book. SparkCharts: The information you need-concisely, conveniently, and accurately. Created by Harvard students for students everywhere, these study companions and reference tools cover a wide range of college and graduate school subjects, from Business and Computer Programming to Medicine, Law, and Languages. They II give you what it takes to find success in school and beyond. Outlines and summaries cover key points, while diagrams and tables make difficult concepts easier to grasp.This six-page chart covers: VectorsKinematicsDynamics and forceWork, energy, and powerCenter of mass, linear momentum, and impulseRotational dynamicsGravityOscillations and simple harmonic motionWaves and Doppler effect equationsElectricityMagnetism and electromagnetic inductionModern physicsA table of physical constants.

## Reviews

This is actually the finest ebook i have got study till now. I actually have go through and that i am sure that i am going to likely to read once again once again later on. Its been developed in an extremely straightforward way and is particularly simply soon after i finished reading through this ebook through which actually modified me, change the way i really believe. -- Mrs. Maybelle O'Conner

The ebook is great and fantastic. We have read and i also am sure that i am going to likely to go through once again again down the road. Once you begin to read the book, it is extremely difficult to leave it before concluding.
