Forgotten Books. Paperback. Condition: New. This item is printed on demand. 68 pages. Dimensions: 9.0in x 6.0in x 0.1in. Excerpt from Applied Science, Vol. 21: February, 1908. The third consideration and a very important one is that of pressure. Most towns cover a territory more or less varied as to elevation. A great difference in level in the different parts of a town makes the problem somewhat complicated, because the pressure sufficient to carry water to the most elevated district will be...
