University Press of New England, United States, 1989. Paperback. Condition: New. Language: English . Brand New Book. In this collection of essays, sociologist Dorothy E. Smith develops a method for analyzing how women (and men) view contemporary society from specific gendered points of view. She shows how social relations - and the theories that describe them - must express the concrete historical and geographical details of everyday lives. A vital sociology from the standpoint of women, the volume is applicable to a variety of subjects, and will be especially useful in courses in sociological theory and methods.
