Summary: Mousematics - Learning Math the Fun Way is a series of workbooks for children aged 4 to 7. This is the first workbook in this series. What makes it so unique? First of all, these workbooks have a slightly different purpose than other mathbooks for preschoolers. The main purpose of the Mousematics series is not to teach preschoolers to count (this is something every child will inevitably learn sooner or later), but to spark the children's interest, to invite them along on an exciting journey into the world of logics and mathematics. This is why the tasks in these books are made to be interesting, above all. Four years is the age when many children begin to arduously count everything around them and look for familiar letters and numbers; and this book is intended to support this interest. Children will enjoy counting bunnies behind fences and helping a mouse avoid being eaten by a cat; and bringing a truckload of goods from the warehouse. Secondly, we tried to make sure the tasks are created in a way that children do not form stereotypes that...

Reviews

This ebook might be worthy of a read, and far better than other. It was written really flawlessly and useful. I found out this pdf from my i and dad recommended this ebook to learn.

-- Prof. Ruben D'Amore PhD

This pdf is indeed gripping and exciting. It is written in easy words and phrases and not confusing. Once you begin to read the book, it is extremely difficult to leave it before concluding.
