Rita s life with an alien colony on her secluded ranch oasis in an industrial section of San Diego had been idyllic. When Rita is suddenly abducted by an authoritarian, tyrannical alien race, she must face a horrendous decision: surrender her beloved Phaedran colony to the Hagions to become their slaves, or watch helplessly as the Hagions slowly destroy Earth and humanity molecule by molecule through a silent, unseen nanotechnology assault. To compound the problem, the Phaedrans seem inexplicably passive about their situation, offering no resistance to their captors-and worse, no cooperation in their salvation. It will take everything Rita has to outwit the Hagion race and free her colony, all while stopping the insidious destruction of humanity-a species Rita isn t sure she likes very much anymore. Rita finds cooperation from local astrophysicist Jason Childress, who has become unexpectedly sensitized to the Phaedran colony s mindlink. Jason s efforts to understand the increase in day-length and a sudden exponential global surge in natural disasters compels him to seek out Rita, if for nothing more than a receptive ear. Reviews

It is an incredible publication that we have actually read through. It is among the most incredible pdf i actually have study. I am just pleased to let you know that here is the very best pdf i actually have study in my personal lifestyle and could be he greatest book for possibly.

-- Ms. Linnea Medhurst I

The publication is straightforward in study better to fully grasp. It is definitely simplistic but excitement inside the 50 percent of your publication. It is extremely difficult to leave it before concluding, once you begin to read the book.
