Reviews

This pdf will be worth buying. Better than never, though I am quite late in starting to read this one. I can easily get an enjoyment of reading through a published book.

Sirius Entertainment, 2017. Paperback. Condition: New. Language: English . Brand New Book. This book explores various types of incredible animal phenomena alongside anecdotal stories. All of the phenomena are backed up by scientific research on the subject with fascinating facts from trials and experiments. Also features heart-warming stories, legends, and customs and takes a look at how different countries view animal stories. The chapters cover psi-trailing and homing instincts; animals with incredible powers of empathy and understanding; animals who can detect undiagnosed tumors and cancers in humans; animals who rescue humans from danger; animals who work as guide dogs, sniffer dogs, sheep dogs, and PAT dogs; animals who can predict the future; animals in service in wartime; and pets that stay true to their owners beyond the grave.
