VARIABILITY STUDY OF WHEAT GENOTYPES

Kiran Baral
Variability study of wheat
genotypes
selection in drought and terminal heat stress
environments

Condition: New. Publisher/Verlag: LAP Lambert Academic Publishing | selection in drought and terminal heat stress environments | Nepal is under the effect of climate change and faces drought and heat stress in wheat growing season. Adoption of improved varieties has replaced the indigenous wheat germplasms which has narrowed the genetic base. This has resulted in genetically vulnerable situation. Due to this there is a chance of epidemic outbreak in biotic and abiotic stresses which will cause a significant loss in..
