Murnau's 'Nosferatu', the first vampire flick ever, is not simply an adaptation of Stoker's 'Dracula.' Taking into consideration aspects of narratology and cinematography, this paper investigates the images of disease, paralysis, and death in 'Nosferatu' and shows how they reflect the experience of the war and the Spanish Flu epidemic. This paper contains images from the film and has been proofread. , abstract: 1Introduction In adapting Stoker s Dracula, Murnau has made quite a few changes to the original plot. Some of them were made due to economic and practical reasons, such as moving the setting and locations to Germany, some of them in order to avoid charges of copyright infringement, such as changing the characters names, as Murnau was not authorised to make an adaptation. However, Murnau doesn t simply copy Dracula. Stoker s novel about the intrusion of an alien evil into English society is transformed into a story mirroring the fears that prevailed in Germany in the late 1910 s. Screenwriter Henrik Galeen and director Murnau were obviously influenced by the impressions that both World War I and the influenza pandemic had left. The war had left large areas in Central Europe in ruins and had triggered many political changes. Often, the new-founded Weimar Republic was seen as weak and incapable of acting. Moreover, the outbreak of the Spanish Flu in 1918 proved no less devastating, ranking with the plague of Justinian and...
