## THE FALLACY OF TREE RINGS: 2ND EDITION - MYSTERY OF TREE RINGS

CreateSpace Independent Publishing Platform. Paperback. Condition: New. This item is printed on demand. 28 pages. Dimensions: 9.0in. x 6.0in. x 0.1in. This is a look at tree rings, which is known as dendrochronology. Some years after learning about it in college, I had the opportunity to try to use it to date trees near my home. I took many photos of stumps, counted rings, and compared them. I was disappointed that I couldn't date trees by their rings. That made me come to doubt that a major scientific study that used dendrochronology to make a calendar of 12,000 years couldn't be right. This Second Edition is an expansion of the first edition, showing rings from many trees in the Tahoe area, which brought up a question discussed in the book. This item ships from La Vergne, TN. Paperback.
