Createspace Independent Publishing Platform, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.His name is King, and he s no prince charming. He s not even Royalty - I did love him. I thought we were a match made in heaven. I meet him when I was just 6 years old. When I turned 13, he took me on my first date to the movies and it was a dream. King taught me about boys. He took me to his senior prom. He was the first boy to kiss me.and be alone with me. He would lift my emotions just by being near him. I was totally head over heels in love with him. I could see him with me for the rest of my life. Married and living each day together. It was going to be him and me. But one day he was gone! I mean vanished. Nobody knew where he was. Not his mother, Not the police - Nobody! I was just not the same after that. I had a difficult time focusing on anything. My grades dropped and I was put on depression medication because the only thing I seemed able to think about was King. Finally after eight years, I am ready to move on. In fact, I am ready for more than to just to move on. I am ready to forget King forever! Well, at least, that is what I told myself. But out of the blue, King is back and he wants to see me. This book has sexual content and language for Adults 18 and older.
