Reviews

Without doubt, this is the very best function by any writer. It typically will not charge too much. I discovered this publication from my dad and i encouraged this pdf to discover.

WESTERN NORTH CAROLINA: A VISUAL JOURNEY THROUGH STEREO VIEWS AND PHOTOGRAPHS (PAPERBACK)

Arcadia Publishing (SC), United States, 1999. Paperback. Condition: New. Language: English . Brand New Book. Few places in the United States can compare to the natural beauty and grace of Western North Carolina, a combination of picturesque mountain ranges, rolling foothills, and lush valleys. At the turn of the century, the visual splendor of the Appalachians and clean mountain air drew thousands upon thousands of visitors, including a large number of photographers, to the region's many health resorts, hotels, hiking trails, and small towns. Like explorers of old, these photographers went out into the North Carolina wilderness carrying their bulky photographic contraptions and glass-plate negatives in hopes of sharing its spectacular scenes with the rest of the nation. Using cameras equipped with twin lenses mounted about 2.5 inches apart, which created almost identical images, these photographers created stereoscopic views, or stereo views--double images placed on a rigid card--which were then viewed through a hand-held stereoscope and resulted in the person experiencing a three-dimensional effect. In *Western North Carolina: A Visual Journey Through Stereo Views and Photographs*, you will see these professional photographers hard work, a wonderful collection of images capturing the unspoiled beauty of the region, such as pictures of waterfalls, rivers, forests, and mountain ranges; views of local people at work and at play; snapshots of early railroad construction; and panoramas of the growing mountain communities, such as Bakersville, Hot Springs, Lenoir, Old Fort, Hendersonville, and Asheville.
