

Diagnosis: Happiness: Personal Development (Paperback)

By Laurentiu Lupu

Createspace Independent Publishing Platform, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Diagnosis: Happiness by doctor Laurentiu Lupu is a personal development book that speaks about the nature and practice of happiness in our lives. The author of this work also has published volumes of poetry and aphorisms. Although each of us has a vague idea about what happiness is, we all believe it's important; we say we're in search for it, or we're running after it! Some say it means feeling good; others say it's joy, pleasure! How can we desperately want something we know nothing about? Why is it so important to be happy? Why do we learn how to be happy from masters? Why happiness is a little something that matters? There's a simple answer: people don't want to suffer; they don't want to be sad; they don't want pain, scarcity; they want joy, success! In their mind, all this is happiness, but in a reverse order: first success, money, etc., then pure happiness, as if happiness were a consequence. It's not! No, no, no. happiness has nothing to do with money,...
