## Ten Steps to ITSM Success: A Practitioner's Guide to Enterprise IT Transformation (Paperback)

By Angelo Esposito, Timothy Rogers

IT Governance Publishing, United Kingdom, 2013. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.You've read the books, but a wealth of material has been written to describe the underlying mechanics of ITSM, but very little practical advice is available on how to implement ITSM best practices to achieve an organization's business objectives. The official ITIL(R) volumes explain what service management is, how the processes work and fit together, and why IT shops should adopt the practice, but they are notoriously vague on how to design and implement an ITSM model in a real organization. This challenge is best understood by those with experience of transforming ineffective and expensive IT, yet most ITSM guides are authored from a purely academic standpoint. From the classroom to the real world This book provides guidance on implementing ITSM Best Practices in an organization based on the authors' real-world experiences. Advice is delivered through a Ten-Step approach, with each step building upon the successes of its predecessors. Subjects covered include - \* Documenting objectives, identifying current and future demands, analyzing service financials. \* High-level design, negotiating development priorities, creating an execution plan and roadmap, agreeing roles and responsibilities....

### Reviews

*This sort of pdf is every little thing and made me seeking forward and a lot more. This is certainly for all who state that there was not a worth reading through. I found out this book from my dad and i recommended this publication to discover.*

-- **Christopher Kozey**

*A brand new e book with a new perspective. Better then never, though i am quite late in start reading this one. I found out this ebook from my dad and i advised this publication to find out.*
