Condition: New. Publisher/Verlag: Éditions universitaires européennes | Défi entre le développement et la tradition | Du fait de l'essor des nouvelles technologies de communication, les distances disparaissent, et les populations s'influencent entre elles, la soft power gagne du terrain et on s'approche progressivement d'une universalité des principes : la mondialisation efface petit à petit les spécificités nationales, la communauté internationale même d'influencer au niveau interétatique. La plupart des pays intègrent la mondialisation et modifient d'eux-mêmes leur nature interne, ne pouvant ignorer la concurrence externe. Cependant la Chine souhaite garder sa spécificité notamment dans le domaine public. C'est pourquoi il convient de donner une explication des systèmes administratifs et juridiques chinois, d'autant que l'on est en présence d'un régime public différent. | Format: Paperback | Language/Sprache: fre | 52 pp.
