*It is one of the most popular books. I am quite late in starting to read this one, but better than never. Once you begin to read the book, it is extremely difficult to leave it before concluding.*

Excerpt from **Hardwicks Science-Gossip, 1879, Vol. 15: An Illustrated Medium of Interchange and Gossip for Students and Lovers of Nature** The crowded state of our Exchange columns shows how zealously amateurs are working in their special departments of natural history; and the various and oftentimes queer questions put to us in the columns devoted to that purpose, indicate the number of recruits who are joining the ranks. We hope that the List of Naturalists which appears in the present number will prove of great practical advantage to young and ardent workers.
