

The Passivhaus Handbook: A practical guide to constructing and retrofitting buildings for ultra-low energy performance (Paperback)

By Janet Cotterell, Adam Dadeby

GREEN BOOKS, United Kingdom, 2012. Paperback. Condition: New. Language: English . Brand New Book. As we move towards the 2016 zero carbon target in house building, Passivhaus construction looks like becoming not just popular in the UK, but commonplace. This is a no-nonsense and engaging introduction on how to do it. Kevin McCloud The Passivhaus Handbook is an essential guide for anyone wanting to realise a supremely comfortable, healthy and durable home with exceptionally low energy costs. Passivhaus design focuses on getting the building fabric right, to achieve ultra-low energy consumption in the most cost-effective manner. The approach is relevant to a wide range of building types and climates. Passivhaus methodology can be combined with elements of other building standards, such as the UK's Code for Sustainable Homes (CSH), or with other sustainable building goals, such as a commitment to using low-impact or natural building materials. Whether you are building an extension, retrofitting your house or starting from scratch, and whether you are new to low-energy design or already have some experience, this book will help you navigate around the potential pitfalls and misconceptions. It brings together current thinking and best practice. The book includes: A clear explanation of...
