AUTHORHOUSE, United States, 2005. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Psychology of Killing takes a speculative look at the Beltway Sniper case. The events that frightened Americans beyond description is analyzed and compared to other notorious killers. The Author used techniques that the Federal Bureau of Investigation employs to solve esoteric cases, called anagrams. This book decodes in vivid detail a clue that was left behind at Benjamin Tasker Middle School in Bowie, Maryland on October 7th, 2002. The author attended the Sniper Trial in Virginia Beach and the anagram never came out in court. Dr. Kenneth H. Bridges was murder during the sniper spree, but little has been mentioned about his nationalistic movement (Matah) designed to empower African-Americans on an economic level. Psychology of Killing elucidates how Dr. Bridges may have been a victim of an international conspiracy designed to prevent the rise of a black messiah. Throughout the book a secret society from Yale University (Skull Bones) is mentioned and the hidden pieces to the puzzle come together when the anagram is used to decode a mysterious message. Dr. Bridges was gunned down in Fredericksburg, Virginia near the Mata River. At first his murder looked coincidental or random at best, until his name is discovered in an anagram. In addition, it becomes obvious that the sniper was allowed to kill innocent people in order to influence the American people to go to war with Iraq, and that some of the murders were orchestrated by a mysterious entity that left hidden clues. For the first time the Pentagon got involved by flying recognizance missions over civilian populations, which is a violation of the Posse Commitatus Act of 1878. The American government and its military branch watchedeach murder take place and knew the...
