While a perfect square does not naturally exist in nature, the square and the right angle serve several specific and necessary functions in mathematics and in life. They facilitate the four quadrants in mathematics, the four seasons of the year, the four corners in a room, the four directions of the compass (N, E, S, W), and even the four basic elements of air, earth, fire and water. The mandala is a spiritual and ritualistic symbol in both Hinduism and Buddhism. In general, it is a microcosmic representation of the Universe. The mandala is used to help focus attention on spiritual guidance, and for mindful practices such as meditation. Most mandalas, especially today, are circular in design. The...

Reviews

This ebook might be worth a read, and superior to other. It is probably the most remarkable book i have got read. Its been designed in an remarkably straightforward way and it is merely soon after i finished reading this publication where really modified me, alter the way i really believe.
