

Qualitative Health Research: Creating a New Discipline (Hardback)

Filesize: 4.04 MB

Reviews

Completely one of the best ebook I actually have possibly study. It can be written in simple phrases and not confusing. You can expect to like the way the author writes this book.

(Josefa Ebert)

QUALITATIVE HEALTH RESEARCH: CREATING A NEW DISCIPLINE (HARDBACK)

DOWNLOAD

Left Coast Press Inc, United States, 2012. Hardback. Condition: New. New. Language: English . This book usually ship within 10-15 business days and we will endeavor to dispatch orders quicker than this where possible. Brand New Book. The leading figure in qualitative health research (QHR), Janice M. Morse, asserts that QHR is its own separate discipline-distinct from both traditional health research and other kinds of qualitative research-and examines the implications of this position for theory, research, and practice. She contends that the health care environments transform many of the traditional norms of qualitative research and shape a new and different kind of research tradition. Similarly, the humanizing ethos of qualitative health research has much to teach traditional researchers and practitioners in health disciplines. She explores how the discipline of QHR can play out in practice, both in the clinic and in the classroom, in North America and around the world. A challenging, thought-provoking call to rethink how to conduct qualitative research in health settings.
